

Melvyl Snapshot: Appendix A - Peer Institutions' Discovery & Delivery Systems (UC's "Comp 8" institutions)

7/10/14 compiled for SAG2 by Melvyl Operations Team

The UC Regents used this "comp 8" list of comparable institutions in March 2014. While it wasn't explicitly stated, we assume these institutions are comparable to the largest UC campuses, UCLA and UC Berkeley rather than the UC system as a whole. We don't have background information on how or why these 8 institutions were chosen by the UC Regents.
